**Maximum
Performance
Guaranteed.**

Visit us at www.scaffoldfixings.co.uk

Our extensive experience comes from working with our customers on demanding projects over many years...

Scaffold Innovation

We have forged strong partnerships with scaffolders, designers, and engineers to create a comprehensive range of scaffolding products that can be securely anchored to any substrate. All our products are manufactured in the UK and are backed by extensive testing and performance data.

Our scaffold anchors, brackets, and accessories are designed with the CFA and NASC - TG4 Anchorage Systems in mind, ensuring the highest level of safety and quality. We are located in the West Midlands and are equipped to distribute our products overnight to any location in the UK. Our goal is to keep your business moving by always having the necessary components in stock.

We offer technical support and data on all of our products, including installation instructions, base material guidance, and applicable load calculations. We are also ready to assist in choosing the right fixings, and can offer training to scaffolders to ensure the correct installation techniques.

We adhere to CFA procedures and report formats to raise industry standards for quality and safety. As CFA "Approved Testers" we are available for site visits to discuss anchoring requirements, perform site tests to determine anchor suitability, and perform proof load testing when necessary.

Category Load Capacities - kN

We offer general purpose testing of anchors, scaffold ties and seasonal decorations.

- Tensile 145kN
- Shear 125kN

Our sales and technical teams are available weekdays Monday to Friday.

- Monday-Thursday 8:30am to 5:00pm
- Friday 8:30am to 4:00pm

Call us on 01384 483657 or alternatively email us at sales@scaffoldfixings.co.uk.

REACHING NEW HEIGHTS

Our solutions allow connections to all types of substrate, giving maximum performance wherever you need to fix your scaffold.

To find out more visit www.scaffoldfixings.co.uk

Our Range

We offer a huge range of Scaffold Brackets & Fixings to compliment all designs, giving you guaranteed performance when fixing to any substrate.

We design, test and manufacture our brackets in the UK, so therefore can offer unrivalled solutions and expertise.

Please contact us for more information.

We operate a next day service on all of our stock items, delivered anywhere in the UK.
